**Re: Purchase and Equip Utility Task Vehicle \$52,069.00**

The Fire Department is seeking town meeting approval in the amount of **\$52,069.00** to purchase and equip a Utility Task Vehicle (UTV) to be used as an all terrain rescue vehicle. This UTV will provide access to off-road areas that are difficult to reach with traditional fire department apparatus. The UTV will be utilized for any public safety needs including, search and rescue operations, patient extrication from remote areas, and fire suppression. Additionally, it will support large special events such as the July 4th holiday and Thanksgiving parade. These vehicles are well-suited for these events, allowing for safer and less disruptive access to crowded areas in order to provide emergency services.

The Department believes this vehicle's relatively low cost will be a welcome and much needed complement to our mission.

Cost Estimate includes upfit and required equipment.

The Fire Safety and Prevention Revolving Account Org. 26242206 Obj. 540000 will provide 100% of the Funding Source for this project.
