

Open Space and Recreation Plan Community Survey Results

2024

Survey Goals and Objectives

Provide community input to the 2024 Open Space and Recreation Plan

- Required by the State every 7 years for grant and funding eligibility

Inform parallel planning and development efforts across Plymouth

- Master Planning Process
- Climate Action & Adaptation Plan

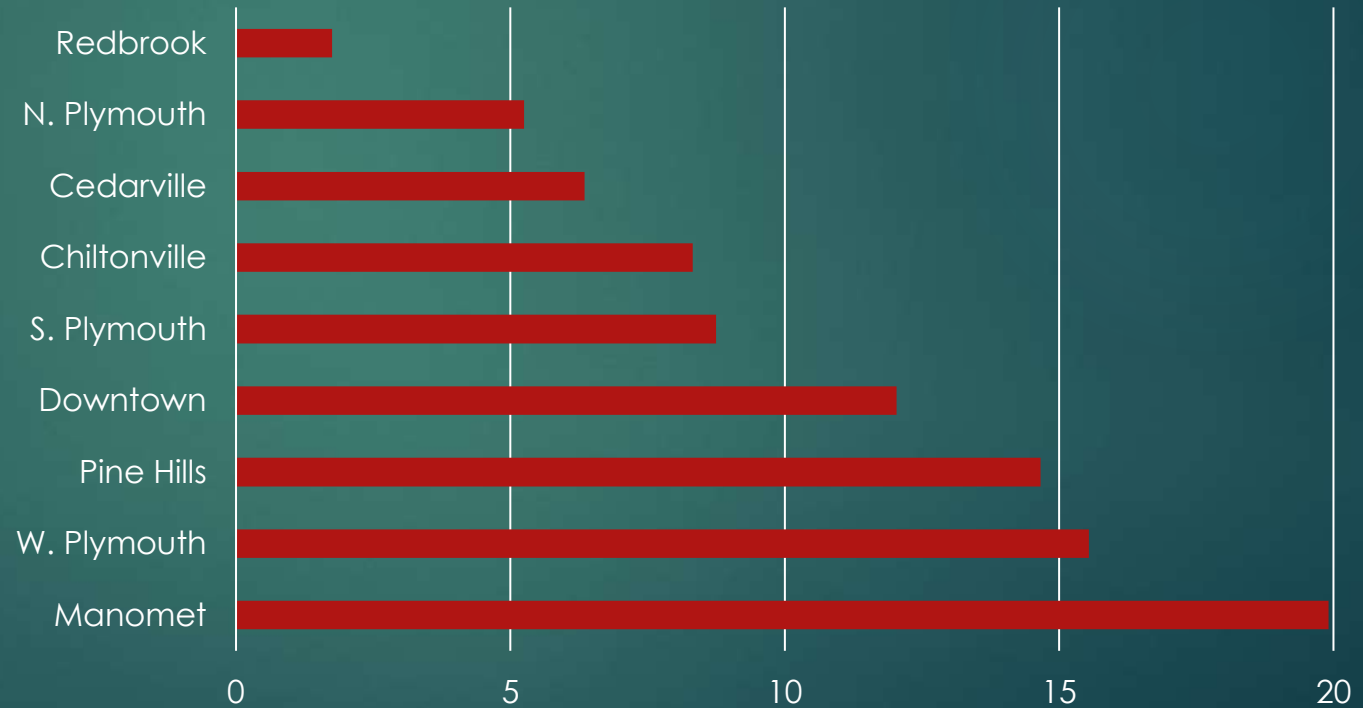

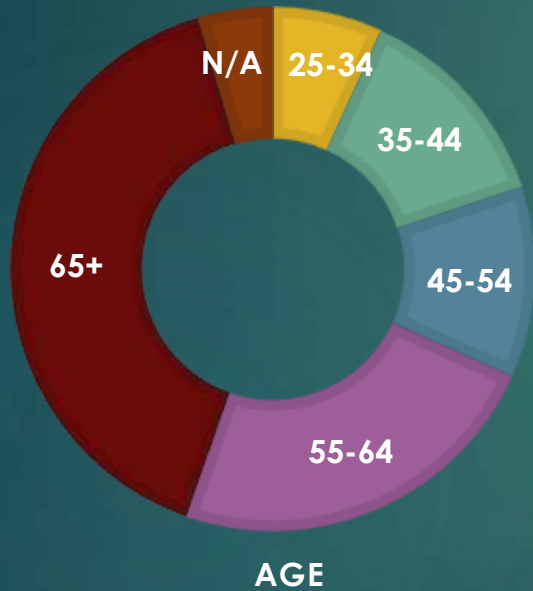

Support the work of related Town Departments

- Conservation
- Parks & Forestry
- Natural Resources

Participation

459 residents responded to 11 quantitative questions and submitted 620 written comments

92% are Plymouth Homeowners

Less than Half are Satisfied with Current Efforts to Preserve Open Space

Satisfaction with job Plymouth is doing to preserve open space

■ Satisfied ■ Neutral ■ Dissatisfied ■

Satisfaction with job Plymouth is doing to provide recreation options

■ Satisfied ■ Neutral ■ Dissatisfied ■

Administration

April-May 2024

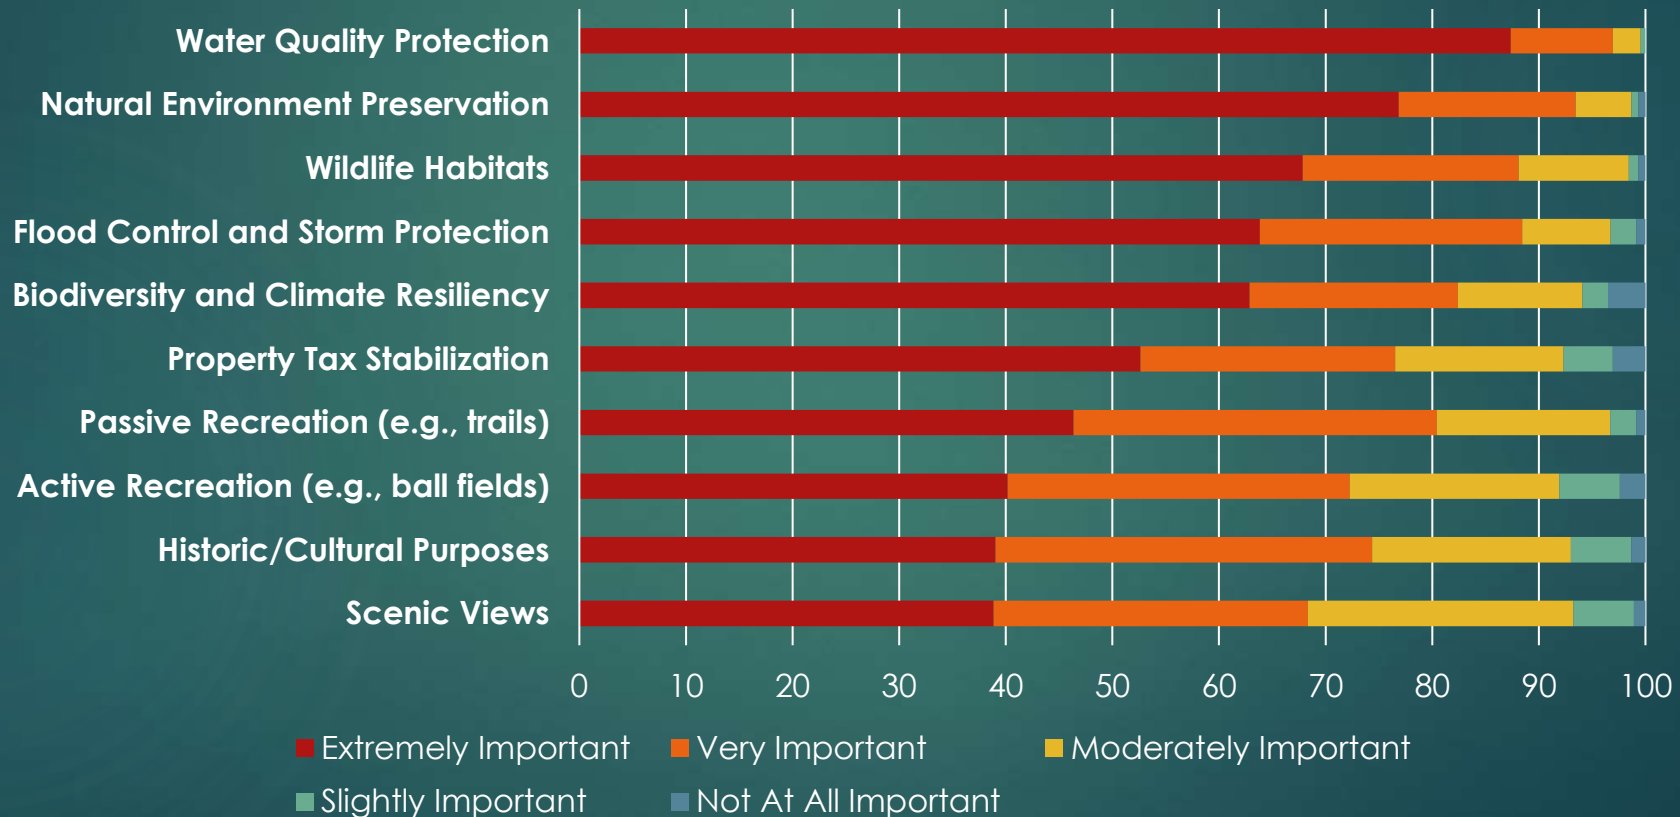

Underlying Theme

6

“It’s important to keep investing in open space. It’s a community good whose value isn’t immediately measurable in dollars and cents, but it contributes immeasurably over time to the quality of life and beauty of our community.”

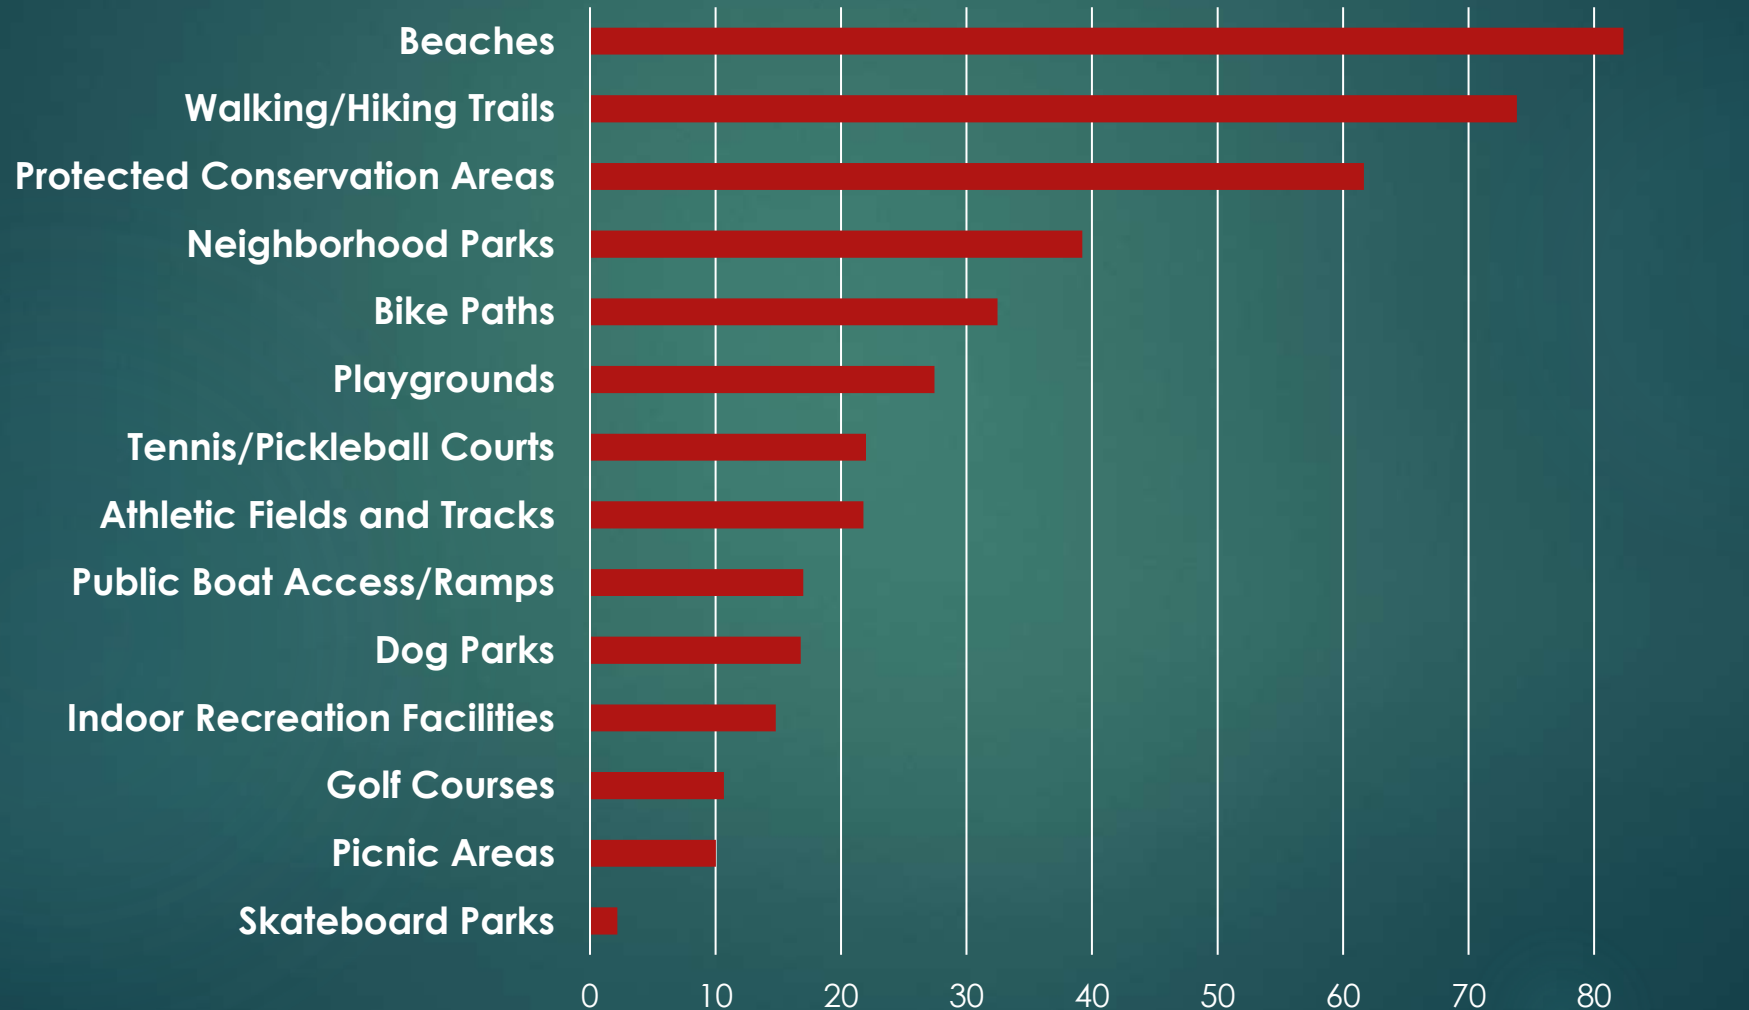

Environment is Top of Mind

How Important is it for Plymouth to Provide and Maintain Open Space for These Reasons?

Beaches & Hiking Trails are Highly Valued

Which Resources are Most Important to You?

Wishlist for Improvements is Consistent

9

300 residents submitted ideas for improvements to specific locations and shared strong opinions about development.

Beach Upgrades

- Get rid of Bert's
- Replenish sand
- Make it accessible
- Add facilities
- Improve parking

Parks/Ponds Renovations

- Veteran's
- Emerson
- Briggs Field
- Forges Field
- Nelson
- Morton Pond
- Hedges Pond
- N. Plymouth playgrounds

Non-motorized Infrastructure

"Make Plymouth more walkable and bikeable!"

Dog Parks

"WE NEED ONE!"

Stop Building

"The best way to improve ALL open spaces is to stop destroying them!"

Strong Support for Ways to Acquire More Open Space

| Town's Available Strategies to Acquire Open Space | % Support |
|--|------------------|
| Require developers to dedicate specific proportions of open space in their projects | 81% |
| Purchase land through land grants and Community Preservation Act (CPA) funds | 76% |
| Promote gifts of private land to Conservation Commission | 72% |
| Convey Town-Owned Tax Title properties (i.e., foreclosed properties) to conservation or recreation status | 72% |

Setting Priorities for the Future

Looking to the future, what is the single most important issue the Town should consider for open space?

- 44% Control development
- 21% Acquire and maintain more open space and conservation land
- 13% Protect the water supply
- 12% Provide more indoor/outdoor recreation options for all ages
- 10% Make Plymouth more walkable and bikeable

N = 300

- Communicate survey results
- Inform 2024 Open Space and Recreation Plan
- Support Master Plan process and other Town initiatives
- Develop recommendations for additional open space opportunities for the community

Open Space Committee: Sample of Accomplishments 2017-2024

13

- ▶ Land Acquisition: Approximately 488 acres acquired via tax title conveyance for open space, at no cost to the Town (except for filing, registration fees)
- ▶ Trail Work (In partnership with Wildlands Trust and Dept of Energy and Environment):
 - ▶ Completed more than 60 work projects to open and maintain walking trails
 - ▶ Initiated trail camera project to assess trail use
- ▶ Education and Publications:
 - ▶ Developed, updated and distributed thousands of Trail Guides, free to the public
 - ▶ Co-sponsored Sustainable Plymouth's *Invasive Plant Guide: Dirty Dozen*
 - ▶ Led 14 Community Hikes and published 19 *Take a Hike* columns
 - ▶ Participated in Community Education events, e.g., Herring Festival, Plymouth Garden Tour
 - ▶ Created 2 Story Walks in partnership with Plymouth Library & Public Schools
 - ▶ Co-sponsored/participated in: Municipal Vulnerability Preparedness Program; Priority Plymouth's Climate Action Plan, Balancing Sustainability, Growth and Development in Plymouth Panel Discussion; Invasive Plant Workshops and work projects
- ▶ Partnerships: Sustainable Plymouth, Wildlands Trust, SeePlymouth, SE MA Pine Barrens Alliance, Dept of Energy and Environment, Planning Dept, Audubon

A Final Thought from a Constituent

14

“Plymouth is incredibly unique in its offerings – oceans, lakes, cranberry bogs, hiking trails, golfing, downtown, neighborhoods. Keep the diversity of what is available. This is a huge part of the draw.”
