## **PLYMOUTH BEACH PARKING ADJUSTMENTS MADE TO ENSURE EMERGENCY ACCESS AND PUBLIC SAFETY**

**FOR IMMEDIATE RELEASE: 6/11/2025**

**PLYMOUTH, MA** – The Town of Plymouth will be implementing important changes to parking at Plymouth Beach following a review that identified significant public safety concerns. Specifically, emergency vehicle access and maneuverability were found to be compromised due to current parking conditions at the northernmost end of the public/day parking area.

To ensure clear access for emergency responders, jersey barriers will be installed along this stretch. Beginning Thursday, June 12, 2025, the travel corridor will be designated as a “No Parking – Tow Zone.” Normal parking will remain in place along the seawall and Eel River. Clear signage will be posted notifying the public of this change. Vehicles parked in violation will be subject to a fine and towing.

While this change may slightly reduce the overall parking capacity at Plymouth Beach, public safety remains the Town’s top priority. The adjustment is a proactive step to maintain the safety and well-being of all beachgoers and ensure emergency personnel can respond without delay.
