

Notice

September 4, 2025

The Plymouth Airport Commission voted on and approved the below sewer rate at their meeting in the Airport Administration Building Conference Room on September 4, 2025.

The new rate is increasing the current usage rate by 5% and there will be no change to the base fee of \$175.00. As the Town of Plymouth Sewer Department is the licensed operator of the treatment plant, it is important that we are consistent with the Town rates to help cover the actual cost of operating the treatment plant.

The Town will implement the billing with their second quarter (July, August, September) billing of water, which will be mailed out in early November.
